
Tech Talk Tuesday

October 2023

ENVISION GLASSES NOW AVAILABLE AT SOCIETY

Lightweight glasses, with a camera and direct speaker, Envision Glasses speak out text and environmental information, recognizes faces, light, and colors, and lets you share that information. All Envision Glasses features: Instant Text, Scan Text, Batch Scan, Call an Ally, Call Aira, Describe Scene, Detect Light, Recognize Cash, Detect Colors, Find People, Find Objects, Teach a Face and Explore. Envision Glasses are designed to be worn all day with its comfortable and lightweight profile. For more information, contact the Society at 314.968.9000

Envision App

photo of envision app being used

This free app uses your smartphone's camera to speak out written information, describe surroundings and objects, and even tell you who's nearby.
